

Hardware needed:
1-1/2" metal rectangle
1-1/2" metal slider
1-1/2" swivel clip
Two 1" d-rings

Also, please cut from exterior fabric and Shape Flex:

- (1) Strap, cut one strip that is 40" x 6" and another that is 20" x 6"; sew right sides together at a 45 degree angle (video here: <https://tinyurl.com/485ztwec>). Press the seam open, then use the assembled Strap to cut one piece from Shape Flex (except the Shape Flex will be 1" shorter) *omit if you have already cut a strap from the pattern you are using
- (2) Lower Strap Extender, 4" x 4"
- (1) Upper Strap Extender, 3" x 6"

Fuse Shape Flex to the wrong side of the exterior fabric.
