Strap Extender  
cut 2 exterior fabric  
cut 2 Shape Flex

press this edge

From each Strap pattern piece cut:  
(4) Straps; cut 2 on the right side of the exterior fabric/Shape Flex, then 2 additional on the wrong side, for a total of 4 straps (2 pair of mirror images).

From the foam interfacing, cut 2.

If you are using a fabric strip to conceal the raw edges of the Straps under (rather than attaching the Straps to the top seam), you will cut 1 strip that is the length of the back of the bag (this piece will be 2" wide; cut a piece of Shape Flex that is 1" wide and fuse in place.

You will also need:

-Two strap adjusters to fit 1" wide webbing

From 1-1/2 yards of 1" wide webbing cut:

-8" piece of 1" wide webbing for loop

-Two 16" piece of 1" wide webbing
